

## Article

First, using your PC, you'll need to enable IMAP for your Gmail account.

On your computer, log in to your Gmail account on a browser and select "Settings" in the upper right corner.

Select the "Forwarding and POP/IMAP" tab.

Enable IMAP, and click "Save changes."

**Then, on your Pocket eDGe or enTourage eDGe, use the following settings:**

### What type of account is this?

Choose IMAP.
