

Is Your Kid an Outcast?

**Do his friends call him an egghead?
Does everyone shun her as Miss Know-It-All?**

Help is here. Larry's Learning Loft (L3) has helped millions of kids just like yours achieve a normal healthy dumb life. Through our secret methods, L3's programs have turned even the most gifted child prodigies into common everyday Joes and Janes. Don't be embarrassed anymore by those "My kid is an honor roll student ..." stickers on your car when you can proudly display a "My kid beat up your honor roll student ..." sticker. Stop people talking and snickering behind your back. Make them respect your kid.

Here are a few of the thousands of testimonials from satisfied parents:

A Mother in Marina Del Ray writes —

Our daughter Jennifer had a straight "A" report card and never had a date. After just three weeks at Larry's she calls herself "Jeni", the boys are calling at all hours of the day and night, plus she's failing three subjects. Thank you Larry for giving me my daughter back.

A Father from Rochester, NY wrote this —

I thought my son was one of those fairy type boys, a bookworm. The only sport he went out for was the Spelling Bee. Now after just six months at Larry's he's bowling 178 and hasn't read a book in months. I now have a son.

Would you like to add your story here? Would you like to have your child back the way you know he or she could be? Would you like to reverse the effects the American Educational System has done to him or her?
