Has EPUB?: Yes

File OK?: Yes 

Iconic, tough-but-tender Boston PI Spenser delves into the black market art scene to investigate a decades-long unsolved crime of dangerous proportions.

The heist was legendary, still talked about twenty years after the priceless paintings disappeared from one of Boston's premier art museums. Most thought the art was lost forever, buried deep, sold off overseas, or, worse, destroyed as incriminating evidence. But when paint chips from the most valuable piece stolen, *Gentlemen in Black* by a Spanish master, arrives at the desk of a Boston journalist, the museum finds hope and enlists Spenser's help.

Soon the cold art case thrusts Spenser into the shady world of black market art dealers, aged Mafia bosses, and old vendettas. A five-million-dollar-reward by the museum's top benefactor, an aged, unlikable Boston socialite, sets Spenser and pals Vinnie Morris and Hawk onto a trail of hidden secrets, jailhouse confessions, and decades-old murders.

Set against the high-society art scene and the low-life back alleys of Boston, this is classic Spenser

Iconic, tough-but-tender Boston PI Spenser delves into the black market art scene to investigate a decades-long unsolved crime of dangerous proportions.

The heist was legendary, still talked about twenty years after the priceless paintings disappeared from one of Boston's premier art museums. Most thought the art was lost forever, buried deep, sold off overseas, or, worse, destroyed as incriminating evidence. But when paint chips from the most valuable piece stolen, *Gentlemen in Black* by a Spanish master, arrives at the desk of a Boston journalist, the museum finds hope and enlists Spenser's help.

Soon the cold art case thrusts Spenser into the shady world of black market art dealers, aged Mafia bosses, and old vendettas. A five-million-dollar-reward by the museum's top benefactor, an aged, unlikable Boston socialite, sets Spenser and pals Vinnie Morris and Hawk onto a trail of hidden secrets, jailhouse confessions, and decades-old murders.

Set against the high-society art scene and the low-life back alleys of Boston, this is classic Spenser doing what he does best.

# *The Prize: The Epic Quest for Oil, Money & Power*

Daniel Yergin

Free Press (1990)

---

## Amazon.com Review

Daniel Yergin's first prize-winning book, *Shattered Peace*, was a history of the Cold War. Afterwards the young academic star joined the energy project of the Harvard Business School and wrote the best-seller *Energy Future*. Following on from there, *The Prize*, winner of the 1992 Pulitzer Prize for nonfiction, is a comprehensive history of one of the commodities that powers the world--oil. Founded in the 19th century, the oil industry began producing kerosene for lamps and progressed to gasoline. Huge personal fortunes arose from it, and whole nations sprung out of the power politics of the oil wells. Yergin's fascinating account sweeps from early robber barons like John D. Rockefeller, to the oil crisis of the 1970s, through to the Gulf War.

## From Publishers Weekly

Energy consultant Yergin limns oil's central role in most of the wars and many international crises of the 20th century. "A timely, information-packed, authoritative history of the petroleum industry, tracing its ramifications, national and geopolitical, to the present day," said PW. Photos. Author tour.
