Amsterdam 2020 by Ruth Francisco

Book id: 81821 Formats: MOBI

...I imagine I hear breakers bashing the shore. But I know it is the ►tinnitus◄ in my ears, the echoes of silence, the exhaling of fifty other women in a concrete room. I imagine I hear the cries of seagulls gliding over the piers, scouting for muscles, or a stray fish dropped from a fisherman's net. But I know it is the cry of...
