

## Big Screen, Small Body

Boasting an impressive 8.1-inch display, the IREX Digital Reader is loaded with a display that is almost twice as large as other electronic reader displays -ideal for graphic- rich books, newspapers, and magazines.

IREX  
8.1" Display

Others  
6" Display

## Natural Paperlike Experience

Thanks to the latest in electronic ink-display technology, then black and white screen is so easy on the eyes you'll think you are reading ordinary paper!

## An Entire Library in Your Hands

Store and access thousands of books, newspapers, and magazines - anytime, anywhere. 2GB Micro SD card included.

## Easy Navigation

Navigation made quick and easy with an interactive touch screen, straightforward buttons, and included stylus. Search effortlessly through your library or add a bookmark with a tap of the stylus. Skim a book with a touch of your thumb.

## 3G Wireless Connection

Using the latest in 3G technology, the IREX Digital Reader includes free wireless service. Search, discover, and read periodicals. Download a book before you know it. Great for travelers and people on the go.
