

Netronix e-Readers Series

Netronix offers you a range of e-reader products. To let you choose the important features that matter the most to you and which are unique to Netronix e-readers, from 5-inch , 6-inch to 9.7-inch electronic paper display, Resisitive touchscreen and WiFi & Bluetooth and 3G connectivity.

The Netronix eBook device lets you enjoy digital books as never before. The paper-like display means amazing reading quality and with plenty of storge you can carry everything in you collection everywhere you go. Whether it's a book or a comic strip, it offers the perfect readability outdoors in direct sunlight.

Amazingly Paper-like

Thanks to the electronic paper display,reading from the screen is as sharp and natural as reading ink on paper and nothing like the strain and glare of a computer screen.

Amazingly Battery lifetime

Offering an impressive battery lifetime of 8,000pages turn with a full charged battery.

Freedom of Content

The Netronix supports a variety of formats. This allows you to read a wide range of content, from your own digital office docuemtns, to web content, from popular eBook titles and many more, without having to worry about format support or being locked into a DRM system

Print Paperless

Print all you digital documents, like PDF dcuments and Internet pages directly into a readable format on the Netronix e-Readers

Easy on the Environment

The Netronix e-Reader finally offers a way for individuals to cut out the billions of pages of printed paper they produce each year, making a powerful contribution to the environment.
